An Instructive Talk.

A company of interested young men

listened to a most practical and enter-

taining talk on "The Human Body," by

Dr. F. J. Loomys Hupp, in the Young

Men's Christian Association gymnasium

last evening. The talk was illustrated

on the black board and with the

microscope, which added interest and

instruction.

and are always enjoyed by the young

men present.

The Garbage Contract.

The time for receiving bids for the

biennial garbage contract, under the

new rule of the committee, closed at 5

o'clock yesterday afternoon. At that

time Clerk Thoner had received twenty-

four bids. The committee on health

has been called for Monday evening,

with the superintendent of the crema-

tory, to act on the bids. It will be well

for the bidders to be within call also, as

some question might rise on which the

committee would want to consult one

or more of them.

Funeral of Mrs. Sara Eccles.

The funeral of Mrs. Sara Eccles took

place yesterday forenoon from her late

home on Chapline street. Rev. Dr.

An Attractive Meeting.

The men's gospel meeting at the

Young Men's Christian Association to-

morrow afternoon at 4 o'clock will be

very interesting. The meeting will be

addressed by Mr. F. W. Lang, of Balti-

more. Mr. Lang is the general secretary

of the Young Men's Christian Associa-

tions of Maryland, District of Columbia,

Delaware and West Virginia. He has

never before addressed a meeting in

Wheeling, and the young men of the

association will be glad to have an op-

portunity to hear him. The meeting,

as usual, will be open to all men of the

city. Singing by the Y. M. C. A. quar-

tette will be a feature.

Electric Light out the Pike.

A meeting of the Suburban Electric

Light Company will be held this evening

at the Altenheim station. The

project to furnish electric light for the

thriving suburban locality east of the

city has been resting for awhile, but

new life was infused into it when the

Edison General Electric Light Com-

pany made a new proposition, offering

considerably more favorable terms.

These are to be considered at this

evening's meeting. Mr. J. C. Calisch,

a representative of the company, is here,

and will be present at the meeting.

The prospect now seems fair for elec-

tric lights for Altenheim, Pleasant Val-

ley and Echo Point.

At Clerk Hook's Office.

## AN ARION ADDITION.

The Prosperous German Organiza-  
tion Will Build.

## UNOCCUPIED GROUND IN THE REAR

Will Soon be Covered by a Handsome  
Structure—About Seven Thousand  
Dollars will be Expended on the  
New Building—Plans Are Now Be-  
ing Drawn and Work will be Begun  
This Spring.

For some time the Arion Society has  
desired to make an addition to their  
building at the corner of Main and  
Twentieth streets, South Side, and only  
last year an attempt was made to in-  
augurate a successful movement with  
that object in view, but for several rea-  
sons it did not meet with success and  
was dropped. This spring the move-  
ment has been revived, has already  
passed the stage of uncertainty and is  
now a certainty. The board of directors  
have decided to erect the addition in  
the rear of the present structure, on  
the ground now occupied by a small  
fame building. The addition will front  
on Twentieth street forty feet and will  
be of a style architecturally in harmony  
with the whole building. The esti-  
mated cost is placed at \$6,500 or \$7,000.

In the addition there will be a dining  
hall and one or two dancing halls,  
which can be rented by the society to  
outside organizations. The society has  
for some time felt a need for more  
room, and when the new building is  
completed and some alterations are  
made in the one now in use, the Arion  
will have a very commodious and hand-  
some home. The project is now in the  
hands of the building committee of the  
Arion, who are having plans drawn by  
an architect.

The Arion society is now in a very  
prosperous condition, the last debt hav-  
ing been cleared some time ago, and is  
in shape financially to undertake the  
proposed improvements, which will be  
begun this spring and completed some-  
time the coming summer. A bowling  
alley on the first floor is a proposed fea-  
ture in the new building.

An Unique and Grave Accident.

Matilda Maiesch, a German girl who  
lived with Mr. Kraft, on North Main  
street, is lying at the North Wheeling  
hospital in a critical condition, as the  
result of an unique accident. She in  
some way fell while she had a large  
carpet needle in her hand, and it pier-  
ced her abdomen. Just how serious  
her injuries are cannot yet be deter-  
mined by the doctors.

American Union League.

A very successful and interesting  
meeting of League No. 1, of the A. U.  
L., was held last evening in the K. of H.  
hall, on Twelfth street. The attendance  
was good and much interest was mani-  
fested in the work. The order is grow-  
ing and promises some to become one  
of the leading insurance orders, having  
many special and attractive features;  
new life has lately been infused into it.

In Social Circles.

Last night Holiday Post G. A. R. at-  
tended a social meeting of Brantum  
post, at Bridgeport, and after it was  
over a very enjoyable social time was  
had.

The Metropolitan Insurance force was  
banqueted by Assistant Superintendent  
J. M. Fedries at his home in Bridgeport  
Thursday night. Speeches were made  
and a general good time was had.

Invitations have been issued for the  
marriage of Miss Madge Brown, of Mor-  
gantown, W. Va., to Herman G. Stoetzer.  
The ceremony will take place at the  
home of the bride's parents, Wednes-  
day, March 21. Mr. Stoetzer's host of  
Wheeling friends extend congratula-  
tions in advance.

The Modern Way

commends itself to the well-formed, to  
do pleasantly and effectively what was  
formerly done in the crudest manner  
and disagreeably as well. To cleanse  
the system and break up colds, head-  
aches and fevers without unpleasant  
after effects, use the delightful liquid  
laxative remedy, Syrup of Figs.

We frequently hear it mentioned that

handsomest in Wheeling.
